## ***TESOL Certificate Course SEVILLE, SPAIN***

From the moment you step foot in Seville, you will feel as if you have entered another world where locals and tourists alike linger among the sweetly scented orange trees sharing pitchers of sangria to the sound of strumming Flamenco music. You will instantly notice a relaxed pace to life in general which will flush your worries away. In the historical center of Seville you can see the world's largest Gothic cathedral and a wealth of ornate Moorish architecture. The white-washed walls of the Santa Cruz district and deep blue tiles of the Plaza Espana are just a few elements of Seville that will capture your heart forever!

### Practical Information about living in Seville:

**Weather:** Hot summers, pleasant spring and fall and mild winters (although it gets very cold inside)

**Travel:** Trains and buses will whisk you away to nearby Adalusian towns, beaches and even to Madrid.

**Unique Activities:** Flamenco shows and bullfights

**Food:** At any hour of the day, Seville's bars and cafes are filled with locals.
