

YCI is an exceptional way to volunteer and to make a difference by working directly with local youth. We use the information applicants submit to ensure that they're suitable for YCI's programs, as well as to place applicants on the right volunteer project. Please take a look at the Program Countries and the Program Calendar on our website to find the program and country that you think will best suit your skills, experience, interests and availability. Congratulations on taking the first step in making a world of difference!

Volunteering with YCI provides you with an opportunity to experience the life changing power of peer-to-peer youth development and gain valuable international work experience. Consider the variety of YCI programs addressing issues of youth leadership, health and livelihoods, partner capacity building or building and infrastructure and then consider your role as a participant on a YCI project. Please complete answers to the following questions on a separate page)

1. What excites you about the opportunity to volunteer internationally?
2. What skills and experience do you think you have that would contribute to a peer-to-peer youth development program?
3. What experience or knowledge would you hope to gain, or what skills would you like to develop through volunteering with YCI?
4. What does leadership mean to you? How would you describe your leadership qualities and what skills do you bring to working in a team environment?
5. Do you have experience living, working or traveling overseas or in remote communities? Please describe.
6. What are you most looking forward to about living conditions on a YCI project such as group living, sharing a room with another volunteer, or living with a home stay family?
7. Do you have any concerns about living conditions on project? It's okay if you do. We would like to know what they are so that we can explore them with you.
