WHO ARE WE

Spanish at Locations is an organization that currently has four language schools in Costa Rica and Panama. At each school we use the same method and materials. We offer our students the possibility to travel from location to location and learn about different countries, ecosystems and cultures without losing time to adjust to new learning methods or new books.

Our mission is to provide quality language instruction, lodging, excursions and volunteer positions at a reasonable cost for our foreign students while creating work- and learning opportunities for local teachers, host families, tour guides and others. By working ourselves

in all aspects of the company, we strive to always keep in touch with our students and our workers and keep enjoying what we are doing.

Our first school, Spanish by the Sea – Bocas, opened in 1999 when Bocas was not yet a popular international tourist destination. The “Spanish and Sea Adventures” concept of organizing Spanish classes combined with dive and surf courses was a great success, and slowly but steadily the school grew. Now, in high season, our school in Bocas welcomes over 40 students per week! Spanish by the River – Turrialba was opened in 2002 and started to develop the “Spanish and River Adventures” concept by organizing Spanish classes combined with rafting, kayaking and river camping on the world-famous Pacuare River. In 2005, Spanish by the River – Boquete was born with the same concept as the Turrialba school. Now, of course, it is not a single person company anymore but has an average of 30 workers amongst our various locations! Since many of our students arrive in Panama City, an exciting city with much to offer, we have started to expand our services in this location. After 12 years of hard work in which we grew in quantity of happy students and number of locations with accommodations and adventure activities, we are now working hard to let more people know about the wonderful programs that we are able to offer at our schools.

On the following pages of this manual, you will find information concerning our language program and for each school you will find information about the location, the school, the adventure program and the volunteering opportunities. The final pages provide an overview with all information regarding prices for lessons, lodging and pickups, our policy with official holidays, our cancellation policy and our contact information.

OUR LANGUAGE PROGRAM

Method

Our language program is based on the communicative approach, which is founded on the idea that learning a language successfully comes through having to communicate. The activities in the classroom will be focused on producing meaningful and real communication. During classes, our teachers constantly create situations in which the students feel comfortable to communicate. As a result the emphasis is on communicative competence rather than perfect grammar. This makes the lessons more learner-centered. Because fine tuning the grammar is more important for advanced students, this is something we focus on later on in the learning process. We want our students to enjoy their lessons by teaching them how to speak as soon as possible.

Intake / control of progress

To determine the student's competence in Spanish, he/she completes a written evaluation test before or upon arrival. Once at the school, we also do a short oral evaluation.

When a student signs up for private classes, the test helps the teacher to make a lesson plan. When he/she signs up for group lessons, we can make sure that we place him/her in a group with students of the same level. Teachers keep track of the student's learning progress in sheets that the student takes with him/her when travelling to another school to ensure that no time will be lost for adjusting to the following school.

Spanish Courses

We offer the following Spanish Courses:

1. Spanish for Travel and Volunteer
2. Standard Spanish
3. Intensive Spanish
4. Specialized Spanish

1) Spanish for Travel & Volunteer 2 weeks/ 4hr group

This course prepares students for travelling or doing volunteer work in Costa Rica or Panama.

Students will not only learn the structures and vocabulary to be able to carry out basic conversations, but also learn the appropriate way to act and communicate

in Costa Rica and Panamá. Complete list of topics available on request.

It is possible to enroll only for the first week or start in the second week of this course.

After completing this course, the student can continue with any of the other courses (2, 3 or 4).

- Amount of students: Max 8 / Average 5
- Days/ Hours: 5 days a week / 4 hrs per day /starting each Monday / 8:00 till 12:00 (with break from 9:55 till 10:05)
or 13:00 till 17:00 (with break from 14:55 till 15:05)
- Materials included:
Workbook "Spanish for Travel & Volunteer"
- Others included: Introduction folder with Tourist information including area map & info about the course (objectives & contents) / coffee & tea during breaks / introduction talk on Sunday / Friday's happy hour / certificate upon completion
- EXTRA TUTORING HOURS (max 5 hrs per week): Can be ordered at the school / \$15.00 per hour.
- Level: Under A1 / (Add one week Standard or Intensive Spanish and obtain Level A1)
- **PRICE COURSE: \$150 per week**

**When only one student with this level: receive 2 hrs private (same price)*

2) **Standard Spanish**

34 weeks (level A1 till C2)/ 4 hr group

This course is based on the internationally recognized [CEFR framework](#) for learning, teaching and assessment which is also the basis of [DELE-Diplomas](#) (Spanish as a Second Language). The levels are Basic User (A1, A2), Independent User (B1, B2) and Proficient User (C1, C2).

- 6 levels: A1 (3 wks), A2 (3 wks), B1 (6 wks), B2 (6 wks), C1 (8 wks), C2 (8 wks)
- Amount of students: Max 6 / Average 3
- Days / Hours: 5 days a week / 4 hrs per day /starting each Monday / 8:00 till 12:00 (with break from 9:55 till 10:05) or 13:00 till 17:00 (with break from 14:55 till 15:05)
- Materials included: Workbook including CD – ROM with activities, (collection "En Acción", from the editorial: enCLAVE – ELE).
- Others included: Introduction folder with tourist information including area map & info about the course (levels, objectives, contents and evaluations) /placement test / coffee & tea during breaks / introduction talk on Sunday / Friday's happy hour / certificate upon completion.
- EXTRA TUTORING HOURS (max 5 hrs per week): Can be ordered at the school/ \$15.00 per hour.
- **PRICE COURSE: \$185.00 per week**

**When only one student with this level: 2 hrs private (same price)*

3) Intensive Spanish**24 weeks (level A1 till C2) / 6 hr group**

- Just like the Standard Spanish course, this course is based on the internationally recognized [CEFR framework](#) for learning, teaching and assessment which is also the basis of [DELE-Diplomas](#) (Spanish as a Second Language). The levels are Basic User (A1, A2), Independent User (B1, B2) and Proficient User (C1, C2). The difference between the Intensive and Standard Spanish course is that you will advance more quickly since you will spend more hours per day studying and practicing.
- 6 levels: A1 (2 wks), A2 (2 wks), B1 (4 wks), B2 (4 wks), C1 (6 wks), C2 (6 wks)
- Amount of students: Max 6 /Average 3
- Days/ hours: 5 days a week / 6 hrs per day /starting each Monday / 8:00 till 12:00 (with break from 9:55 till 10:05) and 17:00 till 19:00
- Materials included: Workbook including CD – ROM with activities, (collection “En Acción”, from the editorial: enCLAVE – ELE).
- Others included: Introduction folder with Tourist information including area map & info about the course (levels, objectives, contents and evaluations) /placement test / coffee & tea during breaks / introduction talk on Sunday / Friday’s happy hour / certificate upon completion.

EXTRA TUTORING HOURS (max 5 hrs per week): Can be ordered at the school/ \$15.00 per hour.

- **PRICE COURSE: \$275.00 per week**

**When only one student with this level: 3 hrs private (same price)*

4) Specialized Spanish

These courses allow the student to focus on a career-related or personal topic of interest. These topics include, but are not limited to: Medical Spanish, Business Spanish, Spanish for Law Professionals, Household Spanish, Spanish for Work in Construction, Ecological Spanish , Nautical Spanish, Spanish for Work in Tourism, Spanish for Teachers, Spanish for Children (3+), Spanish & Latin American Culture, Spanish for Preparation for OTEIMA Exams, Spanish for Preparation of DELE Exams.

- Amount of students: Standard 1 student / other arrangements can be made.
- Days/hours: 5 days a week / starting any day of the week / between 8:00 till 12:00 (with break from 9:55 till 10:05) and/or 13:00 till 17:00 (with break from 14:55 till 15:05)
- Materials included: Materials will be selected according to objectives and needs of the student(s) defined in accordance with the teacher.
- Others included: Introduction folder with Tourist information including area map & info about the course (levels, objectives, contents and evaluations) /placement test / coffee & tea during breaks / introduction talk on Sunday / Friday’s happy hour / certificate upon completion.
- **PRICE COURSE: 2 hours per day: \$200.00 / 4 hours per day \$300.00 / 6 hours a day \$ 360.00 / 8 hrs a day \$440.00.**
Ask for prices when signing up with more than one person for the Specialized Spanish (any amount of persons possible).

Combinations

Students can choose to take one of these courses or combine them. (Courses can be taken at the same time or one after the other).

Common combinations:

- Studying at the same time: Standard Spanish & Specialized Spanish (In the morning group classes and in the afternoon or evening private specialized lessons or vice versa)
- Studying one after the other: After following the Spanish for Travel and Volunteer Course, the student can continue with Standard or Intensive Spanish.
- After completing the Standard Spanish or Intensive Spanish, the student can decide to continue for some more weeks in the highest level (C2) or change to a Specialized Spanish Course for as many weeks as he/she wants.

Travelling Classroom

A unique blend of travel adventures and studying Spanish at four locations!

- Panama City (Historic and ultra-modern/Panama)
- Boquete (Highlands / Panama)
- Bocas del Toro (Caribbean Island /Panama)
- Turrialba (Mountain town /Costa Rica)

This program is set up for students that want to travel, learn Spanish and visit different locations. While travelling and sharing daily activities like shopping and cooking with a Spanish-speaking instructor, the students will be immersed in a fun and inspiring atmosphere for learning Spanish. To round out the total package, we include the highlight adventures in each location to ensure that students do not miss these unforgettable experiences.

This program includes:

- ✓ Three and a half weeks of Spanish lessons
- ✓ The company of an instructor
- ✓ Transportation between locations
- ✓ Daily breakfast
- ✓ Weekly introduction to the new location
- ✓ Weekly Latin dance class
- ✓ Weekly local food cooking class
- ✓ Friday's Happy Hour
- ✓ Panama City Adventure: Casco Viejo / Panama Canal Tour
- ✓ Panama City Adventure: San Blas Islands two nights stay
- ✓ Boquete Adventure: Canopy Tour (zip lining in the treetops)
- ✓ Bocas Adventure: Catamaran Sailing
- ✓ Turrialba Adventure: Rafting on the Pacuare River & overnight stay at river camp
- ✓ A video of the whole experience

After all, you learn better when at times you can relax your mind as well...

- Upgrades on rooms and extra excursions are optional.
- Friends and partners of students that are not studying are welcome to join the activities.

This educational adventure trip starts in Panama City where the students will be received at the airport and taken to the hostel. On Sunday there is an introduction talk in which all participants will get to know each other and will receive a detailed itinerary. Monday, after the Casco Viejo / Panama Canal Tour and the intake evaluation, the first four hours of Spanish classes will get the beginner student speaking his first Spanish words or get the advanced student "back on track". Tuesday and Wednesday will be good days to study and enjoy the Latin dance and cooking classes. On Thursday and Friday, the students will be amazed by the Kuna indigenous people and the idyllic tropical beauty of the San Blas Islands.

adrenaline tour to discover Panama's rainforest from up above and admire its magnificent beauty from 13 different canopy stations.

On Saturday, the trip from Panama City to Boquete will be made on local buses, and Sunday will be a great day to relax in the school's garden with easy chairs, hammocks and lots of orange trees. In the evening, there will be a welcome drink and introduction to the Boquete school, surroundings and history of the area. The fresh climate in Boquete is great for studying, so the students will make lots of progress here. The students can choose to stay at the school or go and live for a week with a local host family. The zip lining experience is a high-speed

The following Saturday, the students will travel six hours by bus and boat from the highland town of Boquete to the Caribbean island of Bocas del Toro. On Sunday, the catamaran tour with snorkelling will ease the students into the Caribbean lifestyle. During the week, students can explore the many beaches and other attractions around the islands in kayaks, bicycles or water taxis. There are many beautiful beaches to be explored throughout the islands. Some require a bit of effort and an adventurous spirit while others are just a few minutes from the school. The town is full of restaurants and bars, many built out over the water, providing endless nighttime entertainment. Classes in Bocas end on Friday with another Happy Hour during the barbecue.

Once again on Saturday, the students will travel by boat and bus, this time to a different country: Costa Rica. In Turrialba, Costa Rica, the students will enjoy the non-touristy feel of town and be able to use all the Spanish that they have learned so far with the local "Ticos", a nickname for Costa Ricans. The students will enjoy daily life activities like shopping at the fruit and vegetable market or sitting in the park to chat with the locals.

After all, you learn better when at times you can relax your mind as well...

The last day of classes are on Fridays, and, at a final Happy Hour during the barbecue, the students will receive their certificates and get ready for the last spectacular excursion: the rafting trip on the Pacuare. This excursion provides a thrilling ride down the river filled with stunning natural beauty and exciting rapids. The campsite, located in the heart of the jungle, will provide an opportunity to learn about the rainforest and will give students some time to relax in a hammock, check out the toucans and sloths, and realize what a smart decision it was to participate in this unique and wonderful experience!

Afterwards we are happy to assist the student to make travel plans. For example, we can organize volunteer work, travelling through Costa Rica or we can arrange a trip to Panama City or San Jose.

Dates 2011

Jan: Sunday 09.01 till Sunday 06.02

Feb: Sunday 06.02 till Sunday 06.03

July: Sunday 03.07 till Sunday 07.08

Aug: Sunday 07.08 till Sunday 04.09

Nov/Dec: Sunday 20.11 till Sunday 18.12

Min # participants: 4

Price: \$ 1995,- pp

Price without studying Spanish: \$ 1329, - pp

Credits

In 2008 Spanish at Locations signed an Agreement for Cooperation with the private University "Universidad Tecnológica OTEIMA" (www.oteima.ac.pa) in David. One achievement for Spanish at Locations is that Oteima accredits our Spanish courses and for every 20 hours of study at our school, students can receive 1 credit point that is transferable to their University or High school. If they want to do so, they need to take an exam after finishing their program with us. This exam costs \$ 75,- which students need to pay directly to the University. It is important to let us know about the student's interest in taking this exam when enrolling.

Levels

The levels of our "Standard Spanish" and "Intensive Spanish" courses refer to the "Common European Framework of Reference for Languages" (CEFR). These are descriptions of abilities used to set clear targets for achievements within language learning, mapped out in six levels ranging from A1 to C2. These CEFR levels are linked to the DELE levels. DELE stands for "Diplomas de Español como Lengua Extranjera". These are internationally recognized Spanish proficiency qualifications for non-native Spanish speakers, offered by the Spanish Ministry of Education and Culture through the Cervantes Institute.

The following table indicates how the CEFR levels correspond to the DELE levels and to the levels defined for the Oteima exams:

Spanish at Locations used before 2011	Spanish at Locations levels 2011 (CEFR)	DELE	OTEIMA/ DAVID
Paso 1 a 5 (libro 1)	A1		Nivel básico (3 puntos créditos)
Paso 1 a 10 (libro 1 y 2)	A2		
Paso 1 a 15 (libro 1, 2 y 3)	B1	Nivel Inicial	Nivel intermedio (3 puntos créditos)
	B2	Nivel Intermedio	Nivel avanzado (3 puntos créditos)
	C1		
	C2	Nivel Superior	

Schedule

In Bocas and Boquete, an introduction talk with a welcome drink is organized for the new students at the school every Sunday evening from 18:00 to 19:30. In Turrialba, this is organized right before the first hour of initiating classes (mostly Monday morning 8:00 am). The new students that have not sent in their evaluation tests will have to do it at this time as well.

We teach between 8:00 and 12:00 (morning classes), 13:00 and 17:00 (afternoon classes) and 17:00 – 19:00 (evening classes).

There are breaks from 9:55 till 10:05 and from 14:55 till 15:05 when studying for 4 hours. When the student has only 2 hours there is no break established, but of course the student can ask for any break he desires.

We always have coffee and tea ready available during classes.

Students can also express their preference for morning or afternoon classes, but the school management has the final word in making the schedule.

SPANISH BY THE RIVER – TURRIALBA, COSTA RICA

Location

Turrialba is a typical small “Tico” town located 65 km east of San Jose. In the center, you can find a few hotels, restaurants, bars, coffee shops, ice cream parlors, discos, swimming pools, banks, internet cafés, a post office and gyms. Compared to the rest of Costa Rica, Turrialba is less crowded with tourists. This gives students that come here the opportunity to really experience the local culture and the hospitality and friendly nature of the “Ticos”. Every Friday and Saturday the farmers' market takes place in the town center, and students can buy fresh vegetables, fruits, cheese and many more authentic home-made products.

School

Spanish by the River in Turrialba, founded June 2002, is located a little outside of town in the mountains surrounding Turrialba. The school has a large balcony with beautiful tropical scenery (the toucans literally fly over your head!) and a great view of the smoking Turrialba Volcano. Classes are held outside on the balcony and in the tropical garden amidst lush vegetation including grapefruit and banana trees and pineapple plants. There are buses from the School to Downtown Turrialba which are only 140 Colones (about 25 Euro cent). The bus ride takes about 10 minutes.

Group lesson in a rancho

Teachers in Turrialba

Camp site

A special feature of this school is that it has its own river campsite on the banks of the world-famous Pacuare where students can use all facilities for only \$10 a night! Two bathrooms, two fully equipped kitchens and lots of platforms on which the tents are located make up "Gekui Rivercamp". All tents have mattresses, pillows and sheets. Bathing in the river, hiking to the waterfall and crossing the river in an indigenous "basket ferry" to hike in the tropical rainforest on the other side of the river are some of the attractions, but of course just relaxing in a hammock and enjoying the garden could be enough

activity for you! In the night you can see an amazing amount of stars and have a nice candlelight dinner.

Accommodations

Students can choose between staying at our Hostel, a Home stay or an independent housing option. Staying in our Hostel is recommended for independent students that like to meet and share with other students, prepare their own meals at any time and prefer living in a natural setting.

Hostel (School's Residence)

The school in Turrialba has its own hostel with the following amenities:

- ✓ 10 beds (1, 2 or 3 beds per room)
- ✓ private rooms & shared rooms (private bathroom optional)
- ✓ fully equipped kitchen
- ✓ free coffee & tea in the morning
- ✓ breakfast optional (\$4)
- ✓ laundry service (\$5 per load)
- ✓ stereo system
- ✓ TV / DVD player
- ✓ free Internet use/ WIFI
- ✓ lots of hammocks
- ✓ sheets and towels included
- ✓ daily cleaning service
- ✓ book exchange
- ✓ tourist information and booking service
- ✓ taxi transfers throughout the whole country
- ✓ safe for valuables and free luggage storage
- ✓ cafeteria service (sodas, snacks)

Home stay

Living with a local family is a unique experience that will provide the student with the opportunity to not only learn the language but also explore the culture. Our host families have been carefully selected. They love to share their culture, for example taking the student to family gatherings or shopping. The rooms are private and have shared bathrooms. Home stays include breakfast and laundry. Lunch and dinner are optional but recommended not only because the food is very good, but it will also provide another opportunity to practice Spanish. Families can adapt meals a little upon request (e.g. considering people's diets).

Adventure Packages

Students can combine Spanish classes with adventure activities by selecting one of the following packages. The student will not only have at least two excursions of his/her favorite activity, but he/she will also learn specific vocabulary related to his/her choice of adventure in a one hour specialized Spanish classes.

- **Spanish & Horseback riding** Add \$135 to Spanish Course

Includes two horseback riding trips: One introduction trip where the student will see typical Costa Rican rural scenery and a second trip going through coffee fields to a waterfall where he/she will be able to swim and refresh before getting back on the horse. No experience at all is needed, but if students do have experience we will adapt the excursion to his/her wishes!

- **Spanish & Rafting** Add \$175 to Spanish Course

Includes one trip to the world famous Pacuare River (class III-IV) in a raft with max 7 persons and another trip on the Pejivalle River (class I-II) in a raft with max 2 persons so the student will be more in charge of the maneuvering! People from all over the world come to Turrialba to go rafting, and it is an essential experience that the student should not miss!

- **Spanish & Kayaking** Add \$185 to Spanish Course

Includes two sessions of kayak instruction on the Pejivalle River (class I –II). Students will be introduced to and practice “reading the water”, the “eskimo-roll” and also crossing the river by making “ferries”.

- **Spanish & Birdwatching** Add \$135 to Spanish Course

Toucans in front of the School

The first excursion, in CATIE (Tropical Agricultural Research and Higher Education Center), will provide opportunities to spot lots of bird species including water birds like herons, egrets and sun bitterns and will finish in the library with some literature consultation. The second excursion, to the Biological Reserve “Espino Blanco” located at an elevation of 1100 meters above sea level, will surprise students with the variety of hummingbirds, toucans, motmots and with some luck, trogons!

- **Spanish & Mountain biking** Add \$95 to Spanish Course

One excursion will take the students through the typical Costa Rican rural scenery and they can choose either to finish at a waterfall, CATIE or the swimming pool in Turrialba. The second excursion is a down-hill ride on the slopes of the Turrialba Volcano and ends in Turrialba town.

Other Activities

Other adventure and educational activities organized by the school are the canyoning/canopy tour, visiting the butterfly or snake farm, or the Guayabo Archeological Monument. Also hiking, swimming and relaxing under an impressive waterfall are great options! Turrialba town has a few very nice and clean swimming pools with great facilities and are great places to read and study.

At night, students can cook local food, go salsa dancing or enjoy the weekly "Latin movie night". On Friday nights a barbecue is organized and includes some free drinks offered by the school during Happy Hour.

Volunteer Opportunities

Because we value the environment and the local community, Spanish by the River - Turrialba provides volunteer positions with 11 different organizations within the teaching, social, agricultural, educational and recreational fields of work. The goal is to have an interesting place for our students to practice Spanish and at the same time help these organizations with (foreign) knowledge and/or extra hands to help alleviate the workload.

Volunteer's placements are available in two public primary schools and one private primary school. Work ranges from teaching English to playing games or helping with homework.

Social volunteer opportunities are available in a kindergarten, an orphanage or at a retirement home. Work here consists of reading or playing games. At the retirement home, volunteers can also help out with serving dinner or improving the facilities of the institution by working in the garden, repainting walls or cleaning.

We also arrange volunteer opportunities for people who want to help others with a disability or a handicap. The requirements for these positions are usually more demanding. Volunteer work in this field can be done at Álvaro Rojas Quires and CAIPAD.

For students looking for agricultural or educational opportunities, we can arrange positions at C.A.T.I.E. - one of the world's leading tropical agricultural research stations - in the museum and the library. These volunteer opportunities are more focused on maintenance and are therefore suitable for students with very basic Spanish skills who want to work in a Spanish-speaking environment.

All volunteer opportunities have different requirements ranging from wearing proper clothes to having a specific background in a certain field of study. For a list of the specific requirements for each volunteer position and additional information, please check our website or contact us and ask for the Volunteer Manual of Spanish by the River - Turrialba.

SPANISH BY THE SEA – BOCAS DEL TORO, PANAMA*Location*

Bocas del Toro is a relaxed Caribbean Island town. It is different from other parts of Panama as most of its architecture, food and language originate from other parts of the Caribbean. Bocas del Toro is located on Isla Colón, which is named after Christopher Columbus who came here during his fourth trip to America.

The archipelago is called Bocas del Toro as well and is a biologist's fantasy. The national marine park protects mangroves, reefs and other important habitats for many species of Caribbean wildlife. Four of the world's eight sea turtle species nest on the beaches of the archipelago and although they are currently threatened with extinction, it is possible to go and see the turtles coming on land to lay their eggs on the beaches of Isla Colón and Bastimentos in the period from March till June. The clear, shallow water of Dolphin Bay is a perfect feeding ground for Bottlenose Dolphins which arrive here to give birth. As many as 40 dolphins can be viewed at the same time rising above the water in this bay. Sloths, monkeys, poison dart frogs and numerous bird species are common to see around the Bocas archipelago.

There is an authentic, laidback Caribbean vibe in the town, which has not changed much despite tourism becoming the most important business in Bocas del Toro. You can walk into town and find hostels, restaurants, tour operators, a bank, internet cafes, shops and an airport. Due to growing tourism, Bocas del Toro has plenty to offer for those looking for a vibrant night life. It has everything from relaxed reggae bars to energetic salsa bars and popular open air discotheques where you can dance on top of the ocean underneath the stars.

School

Spanish by the Sea Language School, founded in 1998, is conveniently located on Fourth Street, right behind the now busy Main Street. Classes are held everywhere around the building. In high season you can see teachers and students everywhere. They are on the balcony, the little huts, the café and students love the casual setting in which classes are conducted. During breaks we serve coffee and tea and sometimes tropical fruits. Students are welcome to use the teaching stations to study outside of class time and also the library with dictionaries and all kinds of other helpful books. Palms and banana trees fill the garden around the school creating an authentic Caribbean feel. Just a short walk from the school are hotels, restaurants, tour operators, a bank, internet cafes, bars, shops and an airport.

Accommodations

Students can choose between staying at our Hostel, a B&B at with local family or an independent housing option. Staying in our Hostel is recommended for independent students that like to meet and share with other students and prepare their own meals at any time.

Hostel (School's Residence)

The school in Bocas has its own hostel with the following amenities:

- ✓ 20 beds (1, 2 or 3 beds per room)
- ✓ private rooms & shared rooms (optional private bathroom)
- ✓ fully equipped kitchen
- ✓ free coffee & tea in the morning
- ✓ laundry service (\$5 per load)
- ✓ stereo system
- ✓ CABLE TV
- ✓ DVD player
- ✓ free Internet use / WIFI
- ✓ hammocks
- ✓ sheets and towels included
- ✓ daily cleaning service
- ✓ book exchange
- ✓ tourist information and booking service
- ✓ taxi transfers through the whole country
- ✓ safe for valuables and free luggage storage
- ✓ kayak, surfboard, bike and snorkel equipment rentals

Bed & Breakfast with a local family

Although in Bocas we don't offer the typical Home stay experience like in our other schools (with family gatherings etc.), we have really nice families on the island who offer a room in their house so the student can experience the typical Caribbean lifestyle. The families provide a typical Panamanian breakfast every morning, but they can also adapt a little upon request (like no milk products etc.).

Adventure Packages

Students can combine Spanish classes with adventure activities by selecting one of the following packages. The student will not only have at least two excursions of his/her favorite activity, but he/she will also learn specific vocabulary related to his/her choice of adventure in a one hour specialized Spanish class.

- **Spanish & Yoga** Add \$65 to Spanish Course

"Hatha Yoga" is appropriate for beginners and intermediates and uses principles of alignment to optimize energy flow in the body and mind. One private Yoga class that suits student's individuality is included in this package as well as two group classes.

- **Spanish & Dive** Add \$255 to Spanish Course

With this package students will obtain the *PADI Open Water Diver* or the *PADI Advanced Open Water Diver* Certification. Four immersions and theory classes are included. For more details read the "Dive Course" section below.

- **Spanish & Surf** Add \$150 to Spanish Course

The Surf Course includes three sessions with an instructor and will get students ready to surf some waves on their own! For more details read the "Surf Course" section below.

- **Spanish & Sea Kayak** Add \$55 to Spanish Course

After an introduction on how to paddle and maneuver, the first excursion takes students to "Hospital Point" where they can snorkel around an amazing underwater world of coral, fish, and other marine life. The second excursion will have students paddle by mangroves where they can also snorkel and explore another part of the underwater world.

Dive Course

Miles of coastline translate into miles of colorful reef and abundant aquatic life bordering each island. Although visibility peaks during the dry seasons (February to April and September to October), Bocas offers better-than-average conditions all year long even in our gentle rainy season! Due to warm water, calm conditions and highly competitive pricing, Bocas is amongst the most ideal places to participate in scuba education. Whether discovering the underwater world for the first time, advancing your existing certification, or simply in need of a refresher, the dive shop

we selected to work with has instructors that are prepared to accommodate any of your diving needs.

Open Water Course:

This course will give students the foundational knowledge and skills to dive anywhere in the world, independent of supervision. Students will spend plenty of time in the water practicing skills and demonstrating their diving capability. The course is divided into three sections:

- 1) Theory (includes studying a manual, watching videos, completing some review tests, and taking a final exam)
- 2) Confined water sessions (practicing in shallow water)
- 3) Open water sessions (practicing in a little deeper water and further off the coast and discovering an incredible new world!)

The course includes the manual, certification upon completion & all necessary equipment
 Minimum age: 15 years / 10 years for Junior Open Water course
 Maximum depth: 60 ft - 18 mts
 Price: \$230

Advanced Open Water Course:

This is the next step in training after the Open Water Course. In the Advanced Open Water Course, students will develop new diving skills which are required in order to properly do some more advanced diving.

Being an Advanced Diver means completion of training in five specialized areas of diving. Two of them are required which are:

- A. Deep Diving
- B. Navigation

Then the student gets to choose three areas from the following:

- A. Search and Recovery
 - B. Night Diving
 - C. Wreck Diving
 - D. Underwater Naturalist
 - E. Multilever Diving
 - F. Peak Performance Bouyancy
 - G. Underwater Photography
 - H. Nitrox
- among others.

This course does not have any written tests. Students will have to read the chapters in the book related to the dives they are about to make, answer the quizzes, watch some videos and that is it. Once finished, students will have gained lots of experience and had lots of fun.

For descriptions of all other courses: just write us and we will send you all details!

Surf Course

With its warm waters and numerous surf breaks, Bocas provides the perfect environment to learn to surf! Through surfing, students gather a greater appreciation for their bodies and the ocean environment. Surfing promotes a healthy lifestyle and ecological awareness. Many of the breaks are only accessible by boat which means: uncrowded waters!

The 3 sessions of this surf course include:

- ✓ Transport from the main island (where the school is located) to the island where the surf school is located.
- ✓ Theory part on the beach (instructions in Spanish and/or English).
- ✓ Equipment (board, lycra shirt, shoes when needed).
- ✓ Transport to the surf spot in the water.
- ✓ Practice in the water with assistance by boat returning back to where to start.
- ✓ Transport back to the surf school.
- ✓ Fruit juice upon finishing the course.
- ✓ Transport to return to the main island.

Other Activities

Other adventure and educational activities organized by the school are visiting a cocoa farm or a bat cave. Snorkeling can be done in the coral reefs and the mangroves. Also hiking, swimming or sailing on a catamaran are favorites among the students in Bocas. Of course there are lots of beaches to visit for sunbathing, swimming and strolling. At night, students can cook local food, go salsa dancing or enjoy the weekly "Latin movie night". On Friday nights a barbecue is organized and includes some free drinks offered by the school during Happy Hour.

Volunteer Opportunities

We also provide several volunteer opportunities in Bocas del Toro. One is protecting sea turtles, possible from March until June. The work consists of guarding the beaches at night, tagging turtles and possibly relocating eggs. Volunteers must pay a \$ 16,- one-time entrance fee to the national park and \$ 20,- a day for accommodation and three daily meals.

Other volunteer opportunities are offered at a children's daycare, a retirement home, teaching in an indigenous community and helping out at a medical clinic with cleaning and setting up information campaigns for the patients in the waiting room.

All volunteering opportunities have different requirements ranging from wearing proper clothes to having a specific background in a certain field of study. For a list of the volunteering opportunities and additional information, please check our website or contact us and ask for the volunteering manual of Spanish by the Sea in Bocas del Toro.

SPANISH BY THE RIVER – BOQUETE, PANAMA

Location

Boquete is a small Panamanian mountain town located in the Chiriquí province. It is a charming highland town and Panama's ecotourism and adventure travel capital. Boquete has a fresh mountain climate with pleasant temperatures year-round. Home to some of the world's best coffee beans, it is the ideal spot in Panama for coffee lovers.

Downtown, in Bajo Boquete, there are various restaurants, bars, coffee shops, banks, internet cafes and a discothèque. The Guaymí indigenous people brighten the town with their colorful typical dresses.

The surrounding areas offer great hiking through coffee fields, cloud forests or to the top of the Barú volcano, the only place in the world where, on a clear day, you can see the Pacific coast as well as the Caribbean coast.

School

Spanish by the River is situated 5 km outside the town center in Alto Boquete. It is easy getting into town for only 50 cents with communal taxis and buses frequently passing by on the main road, only 180 meters from the school. The school is located in a tranquil neighborhood and has a beautiful tropical garden. There are lemon and orange trees as well as pineapple plants, allowing the students to enjoy a truly fresh glass of orange juice in the morning or freshly cut pineapple between classes. Classes are held outside in the various ranchos situated around the garden - also a great place to study, read a book or just simply relax while enjoying the great view of the Barú volcano.

Accommodation

Students can choose between staying at our Hostel, a Home stay or an independent housing option. Staying in our Hostel is recommended for independent students that like to meet and share with other students, prepare their own meals at any time and prefer living in a natural setting.

Hostel (School's Residence)

The school in Boquete has its own hostel with the following amenities:

- ✓ 8 beds (1, 2 or 3 beds per room)
- ✓ private rooms & shared rooms (private bathroom optional)
- ✓ fully equipped kitchen
- ✓ free coffee & tea in the morning
- ✓ breakfast optional (\$4)
- ✓ laundry service (\$5 per load)
- ✓ stereo system
- ✓ Cable TV DVD player
- ✓ free Internet use / WIFI
- ✓ lots of hammocks
- ✓ sheets and towels included
- ✓ daily cleaning service
- ✓ book exchange
- ✓ tourist information and booking service
- ✓ taxi transfers through the whole country
- ✓ safe for valuables and free luggage storage

Home stay

Living with a local family is a unique experience that will provide the student with the opportunity to not only learn the language but also explore the culture. Our host families have been carefully selected. They love to share their culture, for example taking the student to family gatherings or shopping. The rooms are private and have shared bathrooms. Home stays include breakfast and laundry. Lunch and dinner are optional but recommended not only because the food is very good, but it will also provide another opportunity to practice Spanish. Families can adapt a little upon request (e.g. considering people's diets).

Adventure Packages

Students can combine Spanish classes with adventure activities by selecting one of the following packages. The student will not only have at least two excursions of his/her favorite activity, but he/she will also learn specific vocabulary related to his/her choice of adventure in a one hour specialized Spanish class.

- **Spanish & Rafting** Add \$205 to Spanish Course

There are two rafting trips included and the first one will take students down some amazingly beautiful stretches but with a relaxed pace on the Rio Majagua (Class II/III). For the second trip students might be looking for a little more action. We will go to the Rio Chiriqui, a classic Class III run that offers not only super-fun whitewater but also a side trip to the Caldera Hot Springs!

- **Spanish & Birdwatching** Add \$125 to Spanish Course

The famous Quetzal

Birdwatching is a personal experience. Some like to walk and chat and others like to observe a tree for hours just to find that one special bird. We will make sure we know the student's specific interests before starting the excursion. The first excursion will take place on the "Quetzal Trail" and depending on the time of year, students may see birds like the Three-wattled Bellbird, the Resplendent Quetzal, wrens and the Fiery-throated Hummingbird. The second excursion will take students to a place known as the "Continental Divide" (known as the one of the best birdwatching locations in Panama) to see birds like Jays, Toucans, Aracari's and Trogons.

- **Spanish & Hiking** Add \$125 to Spanish Course

Boquete is considered a perfect place for hiking, not only because of the views, but also because of the great climate (healthy, fresh air and moderate temperatures). One of the excursions will bring students to the hundreds-of-years-old indigenous trails of the Guaymí/Ngöbe people. Students will learn about the beautiful cloud forest and its people. The other hiking trip is at a section of the famous Quetzal Trail, located in "Volcan Baru National Park".

- **Spanish & Horse riding** Add \$105 to Spanish Course

Transportation by horse is still a very common way to travel for the people in the rural areas around Boquete. Riding horses is an authentic way to enjoy the incredibly lush vegetation and feel close to nature. The horses are trained for beginner and more advanced riders. One excursion takes students through the surroundings of Boquete, and the second excursion visits the Hot Springs of Caldera!

- **Spanish & Rock climbing** Add \$135 to Spanish Course

With its many beautiful rock formations very close to the town, Boquete is the perfect place to start rock climbing. Rock climbing is an extreme sport that involves gymnastic maneuvers in order to reach the top of a wall using the body's energy in the most efficient way. It also involves mental control and profound concentration. Students will have two sessions at different rock formations and the routes will be chosen based on the students' capabilities.

Other Activities

Other fun and educational activities to do in the Boquete area include visiting the hot springs, coffee farms and flower gardens. It is very interesting to discover the cloud forest with its various waterfalls and streams. The Quetzal Trail, named after the national bird of Panama and famous for its birdwatching opportunities, is highly recommended as well as the hike up to the summit of the Barú Volcano where in the early morning on a nice day, both the Pacific and Atlantic Coasts can be observed.

In the evenings, students can cook local food, go salsa dancing or enjoy the weekly "Latin movie night". On Friday nights a barbecue is organized and includes some free drinks offered by the school during Happy Hour.

Volunteer Opportunities

In Boquete we offer 8 different opportunities for volunteers. Three of these are schools where students can help out by teaching English, preparing classes, helping with homework, organizing games, etc.

Another volunteer opportunity is the Civil Protection Program, working in different areas such as humanitarian aid, emergencies, infrastructure or health. Volunteers can help out in all areas and may also assist in promotional or fundraising efforts.

Furthermore, the Boquete Handicap Foundation needs help working with handicapped people of all ages. This can include playing games, pushing someone's wheelchair, reading a book, helping with arts and crafts, or just being available to lend a helping hand where needed.

Volunteers at the ReAL Boquete recycling center can help in the schools with collecting recyclable materials or teaching the children about recycling. They can also choose to help selecting the recyclables at the ReAL Centre itself.

For people who like to work with animals, there are two different places to volunteer. Paradise Gardens is a wildlife rescue center with monkeys, birds, cats, etc. Help is needed guiding tours, making toys for the animals or just playing with the animals. FADAB is an organization that mainly focuses on sterilizing, spraying and neutering homeless animals as well as pets. Volunteers can help out with everything they do, but mainly with providing information on pet problems and care.

All volunteer opportunities have different requirements ranging from wearing proper clothes to having a specific background in a certain field of study. For a list of the volunteering positions and additional information, please check our website or contact us and ask for the volunteering manual of Spanish by the River in Boquete.

SPANISH IN THE CITY – PANAMA CITY

“Spanish at Locations” for many years has been welcoming and accompanying students from the moment of their arrival in Tocumen International Airport in Panama City to their accommodation in Bocas del Toro or Boquete. The all-inclusive “pick-up” packages that we have been organizing together with the Casa de Carmen Hostel in Panama City became very popular and students also started to ask us to arrange “drop-off” packages as well. Right now we find ourselves organizing extra nights and various excursions in Panama City. More and more students ask us to teach in Panama City as well, so we are slowly starting and in 2011 students can receive the same high quality classes from us in Panama City!

Location

The capital is a curious blend of old Spain, modern America and the bazaar atmosphere of the East. Many interesting sights can be found in the old part of the city (called Casco Viejo) with its narrow, cobble-stoned streets and colonial buildings. Other parts of interest are, of course, the Panama Canal, listed high in the top 10 of the most impressive engineering projects in history. The USA handed the canal back to Panama in 1999.

Panama City is still not overcrowded with tourists and has different areas with very different “feels”. In one day it is possible to explore the romantic old town as well as visit the very modern part of the city where shopping, going to the cinema and wining and dining in international restaurants and lounge bars provides a completely different experience.

Accommodation

Hostel

“La Casa de Carmen”, the hostel of our choice is located within walking distance from the most important avenue, Via España. Students will be very surprised with the garden full of flowers and birds in the middle of a busy city: It is a real “home away from home”. All rooms have air conditioning. A continental breakfast is always included and you can also use the kitchen at any time. WIFI is available in all the rooms and common areas.

Spanish Courses

In 2011 students in Panama City can select any of the **Specialized Spanish** courses. Even the Standard or Intensive Courses can be taught, but mainly in private classes or, when signing up together with (an)other student(s), other arrangement can be made.

Adventure Options

(1) City Tour & Canal (\$50 per person)

During this tour, students will visit Casco Viejo and the Miraflores Locks of the Panama Canal. Casco Viejo is located at the mouth of the Panama Canal, and is the oldest city in Central America. This "Old Part," is the most colorful part of Panama City. UNESCO declared it a World Heritage Site in 1997. It's a city within the city, and one from a different age. During this walking tour, guides will point out the different architectural styles. Students will visit churches and

plazas while walking along brick roads. After the walking tour, students will be taken to the magnificent Miraflores Locks to witness this engineering marvel in action. A visit to the Canal's museum with lots of artifacts, photographs, and videos that trace the canal area's history from pre-Columbian times to the present is included in the tour. The trip starts and ends in Casa de Carmen. Transportation and a bilingual guide are included.

(2) Embera Indigenous Village (\$125 per person)

The trip starts on the Chagres River at Lago Alajuela, from there students will ride in a traditional cayuco (dug-out canoe), to the Emberá indigenous village. At the village, students will be welcomed by the villagers who will give an introduction to the culture, religion, art, language, food, and lifestyle of their people. Students will be served a traditional lunch of Tilapia fish and fried plantains. Other presentations include a trail walk through the jungle, a musical dance and performance, and the chance to swim in a crystal clear river at a majestic waterfall.

(3) San Blas Island Trip (\$150 per person)

It is not too much to say that Kuna Yala (or also called San Blas) is one of the most fascinating places in the Americas. This autonomous indigenous region in the Republic of Panama is comprised of an archipelago of 356 islands in the Caribbean Sea, of which only 51 are inhabited. With its virgin nature and beaches of white sand and pristine water, Kuna Yala deserves the name of "Pearl of the Caribbean". For many years a hidden paradise on this planet, Kuna Yala is slowly opening its doors to foreigners. The adventure to this place begins with a 3-hour, four-wheel drive trip from Panama City to

the place where you get on the boat to go to Cartí island. On the island, students will have a room in a home stay and three meals a day included as well as a daily snorkel/beach trip to a different island. This trip includes two nights in the islands. Students will also be brought back to Panama City.

ACCOMMODATIONS

Home stays (Boquete & Turrialba)	
Incl. Breakfast & laundry	\$ 15
Incl. Breakfast, dinner & laundry	\$ 18
Incl. Breakfast, lunch, dinner & laundry	\$ 22
