Learning Russian in St.Petersburg

When you arrive in St.Petersburg you will enter on one of the most amazing pages in the history of European culture. St.Petersburg is a masterpiece, the work of leading architects from all over the world, and is one of the most beautiful and sophisticated in the world. The town of artists and composers, of thinkers and poets, of new scientific discoveries, St.Petersburg has given the world all that is best in the human soul.

Saint Petersburg, the city symbolizing Russia's European aspect, ranks with the great capitals of the world. The very name of the city suggests its international character. Unlike the names of other European capitals, it consists of three meaningful words. The Russian version of the name combines elements of different languages: its first part derives from the Latin word for "saint", followed by the Apostle's name. Peter, which means "rock" in Greek, and "burg", a city in German or Dutch. Therefore the name of the young capital implies, in its symbolism, a reference to Tsar Peter the Great and his holy patron, and cultural links with Ancient Greece and Rome, as well as with Germany and Holland.

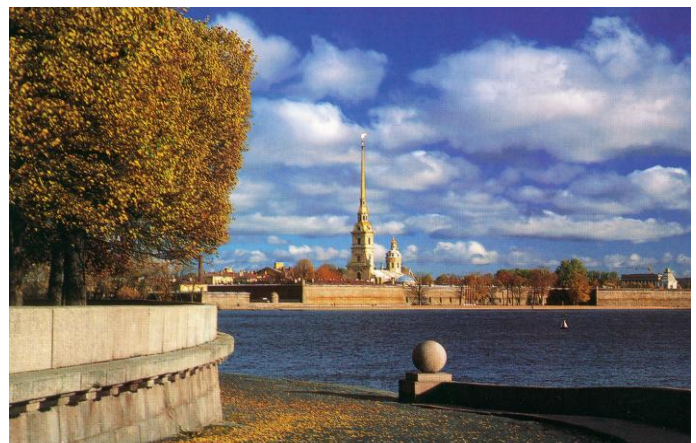

For Peter himself, the creation of a capital on the Baltic was the realization of an age-old dream, a successful end to the efforts of his predecessors on the Muscovite throne. That motive, implanted in the Tsar's mind by Providence, endowed him with superhuman energy, wilful determination and daring which at times went beyond all normal bounds.

When Peter founded and constructed St. Petersburg, he acted not only as a statesman and military strategist, but also as an inspired artist. The city was his creation and in it he revealed himself with exceptional clarity as a distinctively Russian genius, capable of comprehensive vision and tremendous dash in bringing an unprecedented concept into being.

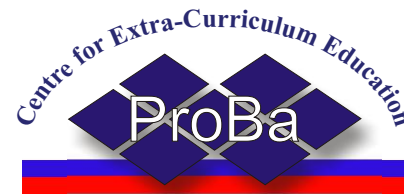

St Petersburg is a city of rivers and canals, and hence a city of bridges, many of which are known around the world for their original design and decoration. St Petersburg is a city of splendid parks and gardens laid out in the eighteenth and nineteenth centuries. Among them are the regular Summer Gardens from Peter's time, the Taurida Garden an example of the landscape style of the 1760s, and the park from the first quarter of the nineteenth century on Yelagin Island which overlooks the Gulf of Finland. It is washed by arms of the Neva and enriched by mirror ponds set among magnificent trees and shrubs. At the same time the whole history of the city demonstrates that St Petersburg, founded by Peter in a burst of creativity, was, as well as being the product of rational considerations, from the first a work of art. With time the new capital became a true synthetic masterpiece with a distinctive atmosphere, embodying and retaining the secret of Kitezhgrad, the Russian fairy-tale city, infused with the light of Truth and Beauty. After many years of tragic suffering wars, revolution, siege the city has finally been given back its proud name, St. Petersburg.

Learning Russian is no more difficult than learning French or German. After a few weeks of serious study even the beginner will be able to speak the language of great Russian poets. He will experience a different Russia than the normal tourist.

In an effort to acquaint our students with this magnificent city, ProBa - Centre offers rich cultural program. Whatever your reason for studying Russian Language our goal is to make sure that you enjoy your course and stay in St.Petersburg and receive the maximum benefit from your time in Russia.

Our Russian classes are open all year and offer a combination of pronunciation work, grammar and vocabulary input and speaking, reading, writing and listening skills. The school is open throughout the year with classes at all levels from beginner to advanced.

All our teachers are certified as the teachers of Russian for Foreigners, know at least two foreign languages and many of them have some scientific works and publications in the sphere of Philology. The classes are held in new modern classrooms. Our students are people of different ages and occupations from European countries, the USA and Japan.

Our school is located in the historical building built in 1901, totally renovated in 2005. Located in the centre of St. Petersburg, not far from the famous Vladimirskiy Cathedral and within few minutes of Nevski Prospekt, ProBa is one of the most central schools in St. Petersburg. Learn to speak and understand Russian Language in a historical building in Central St. Petersburg - maybe the best location in the city for a language course! Walk to the Nevski Prospekt, Kazan Cathedral, Summer Garden or Central Square in minutes! Russian in Russia is Russian in the old capital of Russian Empire - where Pushkin and Dostoevski wrote and worked! Students are within easy walking distance of shops, museums, galleries and a wide choice of restaurants, bars and cafes.

Group Courses

However, our goal is to give the student more than just Russian Language Tuition. Founded almost 10 years ago, we comply with all visa requirements and offer the varied social life in a family atmosphere. During the course we offer rich cultural program including excursions and tours to other Russian cities. Some excursions are, so called, study excursions, when a guide uses "adapted" Russian to help the students not only get some extra vocabulary knowledge, but also to practice their conversational skills. These excursions are arranged in the way that even a beginner will not waste the time but enlarge his Russian vocabulary. Study excursions are the part of the educational program and usually are devoted to different topics covered in classrooms.

Our Travel Office can help you to organize train tickets, accommodation and excursions in any Russian city.

Our district - "Zentralny District" of St.Petersburg.

Nevsky Prospekt is the main thoroughfare of the city. It was the most illustrious embodiment of the grandeur of the capital of the Russian Empire, the development of a capitalist city, the tragedy of the siege and the turbulent political life of the recent years. It is the focus of cultural life, business activities and public amusements. The largest museums and libraries, theatres and concert halls, shops and banks, hotels and restaurants are located on this street.

Zagorodny Prospect starts from Vladimirskaya Square, reigned by the magnificent barocco style Vladimirskaya church, which makes a perfect view from Zagorodny. The church was built in 1761 by an order of

Empress Elizabeth. Vladimirskaya underground station is right next to the square. A modern hotel "Dostoyevsky" is just 2 minutes walk from the square. A. Delvig, a close friend of Pushkin, lived nearby in the corner building at Zagorodny / Vladimirskaya. Rimsky-Korsakov, a great Russian composer, spent the last 15 years of his life in a flat here in Zogorodny, too. It is in those years that he wrote most of his famous operas. At that time his flat was an important centre of musical culture in St. Petersburg. In 1971 a memorial museum was opened there. Dostoyevsky museum is also located not far from Zagorodny.

Accommodation

1.Home stay

We have a list of carefully chosen Russian host families working for our school. All rooms are personally checked by staff and must meet strict criteria before being included in our database. Each participant is accommodated in a single room having all the necessary conditions for rest and study. Twin and Double Rooms are available on request. There are telephones with international access in all the apartments. The price for accommodation includes two meals - breakfast and dinner. All our host families have apartments in the historical center and in the neighbourhood to a metro (underground) station. Living with a Russian family is integral part of the language learning experience. This is the most suitable variant for those who are willing to understand spoken Russian perfectly as members of the families know usually a little of a foreign language.

2.Students' Hostel

The participants also have the possibility of living in a Students' Hostel which is located in the centre of the city, 1 minute walk to Nevski Prospect, opposite the famous Kazan Cathedral. We can accommodate our students in double and single rooms. During the low season it is possible to be accommodated in double room for single use without any extra fee. Meals are not provided by the Hostel, but there are a lot of cafes on the Nevski Prospect. We recommend our Youth-hostel because of central location. Living in the heart of the city you'll have more possibilities for rest and sightseeing tours.

All the rooms are clean and have necessary conditions for rest and study. 5 rooms are in the block (1/2 etage). The big kitchen, TV - room, duche and WC are common in the block.

Participants should specify the preferred variant of accommodation in the enrollment form. We can not always accommodate a student according to his/her desire as in summer, for example, hotels and hostels sometimes have no vacant rooms. Please, inform us of your desire to live in a hotel or hostel as earlier as possible.

2.Hotel accommodation

We can offer the participants of our courses the chance to be accommodated at one of the hotels of the St.Petersburg. There is a great variety of hotels of different categories in St.Petersburg but you have to bear in mind that the price for accommodation at a hotel in our city is sometimes even higher than in Western countries. Prices for hotel accommodation on request.

Cultural program

The old city is beautiful at any time of the year. Succumbing to the ever-changing caprices of the northern climate, it is forever changing its dress, like an aged courtier aping the young, transforming its streets and embankments until they are unrecognizable. But there is something unchanging and eternal here, the spirit of the city, illuminated by the inspiration of many centuries of inhabitants.

In an effort to acquaint our students with this magnificent city, we offer rich cultural program, such as sight-seeing tours, theater visits (opera/ballet), theme excursions (e.g. on Russian orthodoxy,

economics), museums and galleries (e.g. the Hermitage), factory visits, shopping tours and excursions to the countryside and to the suburbs and other cities Moscow, Novgorod, Pskov. During the entire period of the course students have the chance to book tickets to theatres or concert hall. Students can look through the weekly program of events and choose the one which is more attractive in the office.

As a rule, the excursions are in Russian adapted according to the participants' level of the language. Our study excursions help the students to practice their conversational skills. But we also have the possibility to arrange excursions in German, French or English.

Upon arrival all the students receive the written information about the night-life of St. Petersburg (restaurants, bars, night clubs, disco) - "Welcome Package for ProBa students". There are places in our city where we do recommend to go and other places do not. We are kindly asking you to pay attention to our recommendations. The times when you can invite all your Russian friends to a restaurant for a handful of dollars are over. But

different western night clubs in St. Petersburg give a significant discount to the students. So you'll have a great opportunity to spend a nice time and to discover the night-life of the city.

Our Travel Office which is located not far from the school can help you to organize train tickets, accommodation and excursions in any Russian city.

During the period of the White Nights we organize motorboat excursions along the river Neva and its channels and yacht cruises around the Finnish Bay where the participants can visit ancient Russian fortresses and monasteries on different islands.

It is possible to join our "vetcherinkas" in country house not far from the city. We are sure every person will enjoy staying in the native Russian countryside, spending a very nice time, having the experience of the original Russian bathhouse accompanied by shashlik made on the open fire.

How fast could I study Russian?

The process of studying the language in the country where its the native language is the most effective way to reach the desired level. The final result depends upon the level of knowledge a student had before and his/her desire to follow the teacher's instructions. The knowledge of the ABC is welcomed but not necessary in our school. You can start from the absolute "0". The process of education is arranged in the practical way for a student to use Russian in his/her everyday life - in the host family, during the excursions and just in the streets. The most effective type of the course is our Individual Courses. Their program is designed depending on the student's personal wishes and desires. But our Mini-Group Courses also give great possibilities for mastering communication skills.

Cafeteria

The school offers tea and coffee during the breaks free of charge. Those willing to have full lunch, we recommend to visit various cafes located in around the school. Moderate prices, a lot of young people and students. The good vegetarian cafe is located just opposite the school
