Intern In Jerez de la Frontera

Jerez de la Frontera in Spain is steeped in history, which is one of the reasons we wanted a program there. You may not even have heard of the city - another reason we chose this location! For this program we have partnered with a large, prestigious educational institution whereby all of our Education, Administration, Special Education, Social Work and Working with Children candidates can come for a valuable internship and life experience.

This is a satellite program to our long-running program in Seville, which means candidates get to live in TWO Spanish cities: the first 2 weeks of Intensive Spanish take place in Seville, where candidates live with other Adelante roommates or with Spaniards. After that, they will hop a train to Jerez de la Frontera, about an hour ride, to live and participate in the internship. See below for next steps and we look forward to introducing you completely to the South of Spain!
