## Change your life... in just one weekend!

The TEFL qualification is a valuable, professional and internationally recognised tool for people wanting to teach English abroad. Whether you want to teach to fund your travels, to volunteer abroad or are simply looking for a career in a fun, supportive and stress-free environment, gaining a TEFL qualification could be your key to a world of opportunity – and a different future!

You will learn what it means to Teach English as a Foreign Language and develop successful methods for lesson planning and classroom management, along with gaining a confidence boost and feel for what TEFL teaching might have in store for you.

Anyone with native English or a good grasp of the English Language can do this course and everyone is welcome!

## TEFL Time

TEFL Time, a highly reputable trainer in the TEFL certificate, provides three certificates in TEFL which follow the standard training model. The first of these is a 20 hr Weekend Course. You will then have the choice to follow up the Weekend Course with an 80 hr Distance Learning Course. Once you've completed both the Weekend Course and the Distance Learning Course you will have qualified as a combined 100 hrs certified. Upon completion of the course you receive a certificate and letter of reference stating the material you have covered and the skills you have gained.

## Course Director & Trainer

TEFL Time is run by Paul White, a teacher by profession for over 15 years, he has extensive experience Teaching English as a Foreign Language in many countries around the world, and has visited and participated in projects in more than half of Travellers destinations worldwide. He is dedicated to making a difference, and he's also a very entertaining and friendly guy as well – so you will be sure to have fun (and a giggle) whilst your learning!

Both the one-day Teacher Training Day and the 20 hr TEFL Weekend Course are run by Paul White. His experience and expertise ensure that you will receive first-rate TEFL training.
