

STUDY ABROAD IN ARGENTINA AND URUGUAY

ACADEMIA
URUGUAY

ACADEMIA
BUENOS AIRES

One of the most interesting, enriching and effective ways of getting to know a different country and its culture is by spending one or two semesters studying at a local university. That is why Academia Buenos Aires and Academia Uruguay have teamed up with a series of prestigious Argentinean and Uruguayan universities to offer a unique "study abroad" program with the possibility of combining both destinations.

Our program is based upon the following transparent principles:

- (1) we only work with the best universities of each country
- (2) while we serve as the students' point of reference, they build their own programs
- (3) students pay only for what they need: components can be booked separately

These are the building blocks of our program and students choose among them:

A. Basic package including:

- pre-departure pack
- airport pickup, local orientation
- guidance and 24 hour hotline during the entire stay
- free visa guidance, administrative guidance, etc.
- 2 weeks of intensive Spanish courses especially designed for exchange students
- 1 semester at a local university and academic credit
- free extracurricular activities, at least 2 per week, during the entire stay
- free volunteer placement
- free student insurance for 6 months

B. Housing package: students choose between homestays and shared apartments.

C. Additional Spanish courses: students can add as many weeks of additional Spanish courses as they like, or as required, before or during the university program

D. Weekend trips: the academies organize trips for all students to attractive destinations such as Mendoza, Iguazu, Punta del Este, Patagonia.

Universities currently included in the program:

- Universidad de Buenos Aires, Argentina
- Universidad del Salvador, Buenos Aires, Argentina
- Universidad del Congreso, Mendoza, Argentina
- Universidad de la República, Montevideo, Uruguay
- Universidad de Montevideo, Uruguay
- Universidad Católica, Montevideo, Uruguay

"The atmosphere was extremely fun and friendly and I met a lot of interesting people here. The teaching material was very good and helped us find out more about Buenos Aires."

Pia Ciadkari

"Spending a semester at a local university is an ideal way to get to know our culture and get to an advanced level of Spanish. Students easily feel at home in both Buenos Aires and Montevideo and we make sure they enjoy their stay."
