TESOL Certificate Course ROME, ITALY

What better place to serve as the backdrop for our TESOL course than Rome, "the eternal city." Imagine spending your free time strolling the busy streets, maybe pausing at a café, pizzeria or gelateria for an afternoon of people-watching. According to legend, Rome was founded in 753BC by twin brothers Romulus and Remus. After more than 2,000 years, the city has continued to prosper and remains the capital of Italy, although no longer the largest city in the world as it was 1,000 years ago. This is your chance to explore the wonders of the ancient world whose footprints linger throughout the modern city in the form of the Forum, the Coliseum and the Pantheon. Today's Rome is a wonder in itself, and this is your ticket to discovering it!
